

# TRASH GUARD HOOD SPECIFICATION

INLET PROTECTION

- 1.0 This work shall consist of furnishing, installing, and maintaining the Trash Guard Hood inlet filter.
- 2.0 Trash Guard Plus® is manufactured using 100% recycled HDPE material by Trash Guard Hood Incorporated. Trash Guard Inc. P.O. Box 10 Roseboro, NC. 28382 .
- 3.0 Trash Guard Hood is distributed exclusively by ACF Environmental, 2831 Cardwell Road, Richmond, VA 23234. 800-448-3636.
- 4.0 **Materials**  
Trash Guard Hood is a catch basin filter device manufactured from 100% recycled HDPE.
- 5.0 **Installation**  
Trash Guard Hood shall be installed over the outlet pipe within the catch basin according the various installation applications provided in the Trash Guard Hood Installation Guide ([www.acfenvironmental.com](http://www.acfenvironmental.com)).

Trash Guard Hood shall be installed in such a manner that that the unit is securely fastened to the sidewall of the catch basin and completely covers the outlet pipe. The Trash Guard Hood shall be positioned so that the top of the unit covers the pipe crown.

The Trash Guard Hood unit is made to reduce trash and debris, oil, and other floatables from stormwater discharges. The Trash Guard Hood is installed over the outlet pipe of a catch basin or other stormwater quality structure.

**Standard Types of Trash Guard Hood:**

- Flat Wall Installation
- Round Wall Installation

**Optional Accessories:**

- XTEX Curtain (for use when excessive amounts of hydrocabons are present)
