

## Civil Applications Design Workshops

### 8:00 AM – 12:00 Noon

Wednesday April 26, 2017  
 Christiana, Delaware  
 Hilton Wilmington Christiana  
 100 Continental Drive  
 Newark, DE 19713

Thursday April 27, 2017  
 Linthicum Heights, Maryland  
 Doubletree Baltimore BWI  
 890 Elkridge Landing Road  
 Linthicum, MD 21090

**Tensar International Corporation** and ACF Environmental are pleased to offer two Civil Applications Design Workshops. These workshops will address the use of Tensar TriAx geogrids for cost reduction in highway construction, unpaved road construction, and subgrade improvement.

**Who Should Attend? Civil Engineers; Contractors, Estimators; Geotechnical Engineers; Owners; Developers; State and Local Highway Personnel; Government Officials; Municipalities; Commercial Landscapers and many others.**

**Tensar International Corporation, Inc.** specializes in solutions for common site development problems such correcting weak subgrade soil, stabilizing soil slopes and retaining walls, reducing costs associated with the construction of paved and unpaved roads.

**Pavement Design:** This presentation will provide training on determining the required thickness of a pavement structure, how to build high performance unpaved roads at a reduced cost, and how to reinforce an asphalt over-layment to reduce or eliminate the re-appearance of pavement cracks. Presented by Bill Maier, Northeast Region Manager, Tensar International Corporation

**Erosion Control:** This discussion will cover the uses and design criteria for using HydroTurf™, a fiber reinforced concrete revetment system as well as Articulating Concrete Blocks (ACBs). Use of Concrete Armor Units (CAUs) is also included. Jim Nadeau, Engineered Erosion Control Product Manager, ACF Environmental.

There is no charge for registration, but pre-registration is necessary. Please reserve your place now!  
 All participants will receive certificates for 3.0 (three) Professional Development Hours.

For questions or to email your RSVP please send responses to Tony Pulliam at [tpulliam@acfenv.com](mailto:tpulliam@acfenv.com)
